Diary of an A Michigan Farmer

Doctor Richard W. Prior's transcript of Uncle Dan's last book 1885-1902

"UNCLE DAN'S DIARY" His Book 5

Daniel J. Stewart was a farmer and day laborer who kept a daily diary of his family's events and their finances. These recordings date from 1885 to 1902-until they abruptly end in 1902- 3 years before his death. (Subsequently, additional diaries of Uncle Dan were found which originally started in 1868, but are not yet typed.) These writings accurately depict the difficult times and trials that this generation had to endure. The primary settings for these records are in California , Mich.- a small town on the Michigan-Indiana border, and in later years, in Fairgrove, Mich.- in the Thumb area of Michigan

The diaries had been stored in various attics of family members over the years, and are in such poor condition, that the contents have been typed here in order to preserve the unique record of this family's daily life. In this recording, every attempt has been made to copy the items just as "Uncle Dan" wrote them- including all his abbreviations, misspellings, and lack of punctuation. In his accounting records, he uses "Dr" to indicate money that is owed him, and ,Ce, for money he owes.

Daniel J. Stewart had no children of his own, but with his wife, Eivira or "Vi" (who actually was his first cousin), raised George and Thurston, the sons of Daniel's brother George Elliot Stewart and his wife Clara, who apparently were content to have Dan raise their children.

Richard W. Prior, M.D. and Wesley Arnold Editors- "Uncle Dan's Diary" volume 5

My cousin Dr Prior found this old book while visiting the Strouses and transcribed it. We are very grateful to him. He thinks it was the last book as he states the handwriting was getting very shaky. But Dan lived another 3 years and we do not know. Whatever we are thankful for the treasure we have here. So here it is as he transcribed it as it is except that I have added a page number that appeared in the printed text. I used a scanner to scan the pages and an OCR program to convert the pictures of the pages to text. **Some times the program misread words and I plan on going over the text to catch the OCR errors. But if you see a bam where there there should be BARN you will know that the OCR read the "rn" as an "m" etc.**

Here is a family snapshot or several family members mentioned below.

Children of Angus Stewart and Elvira Selfridge are:

Daniel J³ Stewart, born October 6, 1839 in NY; died Abt. 1903 in Fairgrove MI. He met Elvira Margaret Ball; born May 20, 1843 in Winfield, DuPage, ILL; died July 15, 1900 in Fairgrove MI. Daniel J Stewart: b 1839 His father died when he was only twelve. As the oldest son he tried to do his share. Elvira was a member of the Covenanter Church. After selling the farm to Uncle John Selfridge in 1889 for \$3,630 they moved to Fairgrove MI several hundred miles NE. They raised Daniel Thurston Stewart b1884 and George L Stewart their nephews as their own children of which they had none. Dr Prior stated Daniel and Vi were first cousins.

They lived in a little house two miles south of Fairgrove and ¼ mile east of Main Street. One house E of Big Jennings farm house just east of Hinson on Gilford Rd. Both houses are both long gone. Elvira (Aunt Vie as she was called) died July 15, 1900 at age 57. She had been ailing since at least May and feeling very tired the days prior to her death. Daniel J was a farmer working both his own land and also hired out to others to bring in extra money. He was a member of the "National Christian Temperance Union and pledge to abstain from all Intoxicating Liquors as Beverage."

The 1900 federal census shows: June 5, 1900 in Fairgrove #53 Stewart, Daniel Jf born October 1839 age 60 married 39 years born in NY, his father born in NY, his mother born in NY. He was a day laborer with 2 months unemployment, no education but could read & write, lived in a rented house.

His wife Elvira M was living, born May 1843 in Ill, had no children, was age 57, her father and mother were born in NY, she could red and write. D. Thurston born May 1884 then age 16 lived there occupation farm laborer. George L age 21b Tx occupation sailor lived there. [There is no evidence he was actually ever a sailor] And Elvira Dans mother born Dec 1817 age 84 a widow who had 5 children four still living, she was born in NY as was her father, her mother was born in Vermont. S363 v73 ed114 sheet 3 line 28

Daniel most likely buried at Brookside cemetery at Fairgrove MI Next to his wife Vi where there is now a stone. Unfortunately the cemetery records were burned in the caretakers house fire.

The last entry Daniel J Stewart made in his last diary was July 29, 1902 "A fine summer day. George went to Bay City with 17 bus of fine early potatoes nice & dry Market Flooded. Sold them for .35 cts pr bush 5.95

Thurston drawing rails & fencing garden fences so as to keep the hogs out of the garden." Daniel had been seeing the doctor a lot and taking much medicine. His handwriting was getting shakier. We have no other records of what happened. He probably died prior to Feb 1905 when Thurston appointed his brother as his guardian after the death of his father in 1904 as Thurston was still a minor. The Tuscola County Clerk has no records of Dan's Angus, Archy, or their mother's death. Brookside cemetery records start at 1921.

There are no probate records either in Tuscola County.

Notes for Elvira Margaret Ball: On 26 Nov 1872 a train trip was made to Chicago from Jonesville. Arrived at Batavia at Fathers. Dec 16 broke up housekeeping. Mother Vi Souisa and Children started for Nebraska.

[Alvin Ball had moved to Plattford precinct, Springfield Nebraska and lived with his son James R. Ball)
